PROFESSIONAL SUMMARY

BS IT student focused on building practical skills in DevOps, Cybersecurity, Cloud Computing, Linux, Networking, Automation, and CI/CD. Hands-on front-end developer experience through internships and projects using HTML, CSS, and JavaScript. Currently strengthening Cloud and Infrastructure skills through AWS Educate and Linux-based learning.

EDUCATION

BS Information Technology (BSIT)

Baba Guru Nanak University, Nankana Sahib

Duration: September 2025 - Expected September 2029

FSc Pre-Medical

Pak Garrison College, Nankana Sahib

Duration: May 2023 - August 2025

Matriculation

Government Captain Hussnain Nawaz Shaheed MC Boys High School, Nankana Sahib

Duration: 2021 - 2023

INTERNSHIP EXPERIENCE

Frontend Development Intern - CodeAlpha

Mode: Remote | **Duration:** July 2026 - August 2026

Worked on practical front-end tasks using HTML, CSS, and JavaScript.

Built responsive calculator and portfolio projects and practiced GitHub-based project work.

DevOps Intern - Decode Labs

Mode: Remote | **Duration:** September 2026 - October 2026 | Ongoing

Currently gaining practical exposure to DevOps concepts and project-based technical work.

DevOps / Cloud Internship - CodoMax

Mode: Remote | **Duration:** September 2026 | Ongoing

Currently developing practical cloud and DevOps skills through structured internship learning.

Cybersecurity Intern - Syntecxhub

Mode: Remote | **Duration:** September 2026 | Ongoing

Currently building practical cybersecurity knowledge through internship training and hands-on learning.

PROJECTS

Static Website on AWS S3

Created and deployed a static website using Amazon S3 as part of practical cloud learning.

GitHub: github.com/MuhammadAhsanImran/my-static-website

Calculator

Built a responsive calculator using HTML, CSS, and JavaScript with dark mode, validation, history, reset functionality, and local storage.

GitHub: github.com/MuhammadAhsanImran/CodeAlpha_Calculator

Live: calculator-vert-delta-38.vercel.app

Personal Portfolio Website

Created a responsive professional portfolio with About, Skills, Projects, Experience, Certificates, Resume, and Contact sections with light/dark mode.

GitHub: github.com/MuhammadAhsanImran/CodeAlpha_Portfolio

Live: portfolio-muhammad-ahsan.vercel.app

TECHNICAL SKILLS

Programming	C++, Programming Fundamentals, Object-Oriented Programming (OOP)
Frontend Development	HTML5, CSS3, JavaScript, Responsive Web Design
DevOps	Linux, CI/CD Fundamentals, Automation
Cybersecurity	Cybersecurity Fundamentals, Security Concepts
Cloud & AWS	AWS, Cloud Computing, Infrastructure, Amazon S3, EC2 Concepts
Linux & Networking	Linux Fundamentals, Commands, Basic System Administration, Networking Fundamentals, Cloud Networking Concepts
Tools & Platforms	Git, GitHub, Visual Studio Code, Vercel
Microsoft Office	Word, PowerPoint, Excel

CERTIFICATIONS & ACHIEVEMENTS

AWS Educate Getting Started with Compute

AWS Educate Compute Badge

CodeAlpha Frontend Development Internship Certificate

CodeAlpha Letter of Recommendation

Graphic Poster Competition 1st Position 🏆

Topic: Poster on Ghazwa-e-Khandaq

Speech Competition 2nd Position 🥈

Topic: Al ke Daur mein Ikhlaiqi Iqtidar aur Taleemat-e-Nabwi

Essay Writing Competition Participation Certificate

Topic: Digital Ahd mein Khabar, Afwah aur Tehqeeq, Seerat-e-Taiba ki Roshni mein Ikhlaiqi Zimmedari

Speech Competition Participation Certificate

Topic: 14 August / Historical Independence

NDST Computer Office Management, Certificate of Achievement

Ali Institute of Education Science Exhibition, Certificate of Participation

RELEVANT COURSEWORK

Programming Fundamentals

Object-Oriented Programming (OOP)

Web/Frontend Development

Cloud Computing & DevOps Fundamentals

LANGUAGES

Punjabi: Strong

Urdu: Fluent

English: Reading and understanding; developing conversational ability

CAREER INTERESTS

Building a career as a DevOps Engineer with strong cloud and automation skills

Growing expertise in Cybersecurity, including network security and ethical hacking practices

Gaining deeper hands-on experience with AWS Cloud infrastructure and services

Learning CI/CD pipelines, containerization, and Infrastructure as Code (IaC) tools

Contributing to real-world open-source and cloud security projects

Working toward industry-recognized certifications in DevOps and Cybersecurity
